^AFirst permits—A first permit is issued by evaluating every option of zones & time periods the applicant would accept in the order in which they made selections.

^BSecond permits—All options of all applicants are evaluated to issue one permit to as may applicants as possible before any second permits are issued. Second permits are issued from the same application through the lottery process. All permits are issued through one lottery. There is no second application period.

Spring 2004 Wild Turkey Hunting Zones

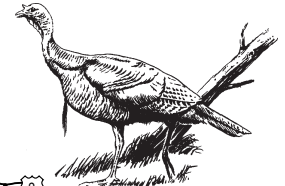

Applicants must **read** and **follow the instructions** printed on the turkey permit application. **Carefully** and **completely** fill out your application. Your application will be evaluated for all zone and time period possibilities. You must list all options you would accept on your application. All permits will be distributed at one time, there is no second application period. Under no circumstances will permits be switched for different time periods or zones. A permit can only be issued if you list that time period or zone on your application. In order to have the greatest chance of receiving a permit, list all six time periods on your application and list several zone choices.

Note: Zones with a number and letter combination, (for example: 5A) are state park zones. Permits in these zones are limited and hunting is restricted to only within the park boundaries.
